

The Director

Bill:

STAT The attached package relates to the case of Mr. [] whose application was in process for approximately 13 months. Fred Janney has given a preliminary summary, but he has not yet heard from all the Offices involved in the screening process. I have been assured that there was no security problem, in that both the field investigation and polygraph interview were favorable.

I intend to pursue this matter from a Directorate standpoint, and will be pleased to give you a complete report. In the meantime, I suggest you sign the proposed letter so there is no undue delay in responding to the communication of 4 April 1974.
